Pundag, Ranchi, Jharkhand. 834 004.

Profile

I'm currently a student pursuing a Bachelor of Computer Applications, completing my 2nd year at Amity University, Jharkhand. Gaining strong foundational knowledge in programming with C, data structures, algorithms, and Structured Query Language (SQL). Alongside academics, I bring nearly two years of hands-on experience as a self-taught digital designer, with a growing skill set and a passion for blending technology and creativity. Eager to contribute and learn in dynamic environments. Completed a diploma in 2023 while exploring potential career paths, which helped shape a clear direction in the tech and design field.

Experience

Sales & Service Associate

2022 – 2024

Shree Vasudev Auto - Electric Vehicle Shop

- Sold electric bikes and scooters, providing personalised assistance to customers on the product selection and after-sales, and technical support
- Created a WhatsApp-based after-sales support group, enabling customers to get instant help for vehicle issues — resulting in improved customer satisfaction and retention
- Designed marketing materials, including logos, brochures, and digital invitations, using Canva to enhance brand visibility and consumer engagement
- Managed inventory through manual tally registers and stock books, ensuring accurate stock tracking
- Generated professional invoices using Ten software, streamlining customer transactions, and maintained customer documentation

Education

Completed a Diploma in Computer Applications from Success Point, Ranchi. In the Year 2023

Completed my 12th (Science stream (Math)) from D.A.V Public School, Dhanbad. In the year 2022

Completed my 10th from Sanskruthi Global School, Visakhapatnam. In the year 2020

Skills

- Canva (Digital & Visual Design)
